

# *Sunday Service 3rd May 2020*

*Written and recorded by Gina Langsfied during the closure for the Spiritualist Association of Great Britain at this time*

## *Value of Mediumship*

*Good afternoon to all our listeners on Zoom. This is Gina Langsfield, welcoming you to this very special Sunday Service on behalf of the SAGB. I wish to say a very special thank you to our chairperson for today, Penny O'Meera, and ask you to give a very warm welcome to our medium Pauline Mason.*

*And now would you like please to join me in a prayer*

*Dear God, loving Spirit, we ask that the light of your love will uplift the hearts of all those joining with us today, and replace despair with hope, fear with courage, anxiety with calm and weakness with strength.*

*Please send comfort and spiritual understanding to those who mourn, wisdom to those in power that they may be guided by Spirit in their choices and let the world see me once again in a world of light and happiness where family and friends can embrace once more.*

*We prayer for those we love, those who serve us with no thought of self and for the earth and all who share it.*

*God, please be with us all and let us soon meet again. Amen*

*Here now is a short extract from one of our best loved Spirit Guides, Silver Birch.*

*Mediumship is important because it means that there is a person on who has been conferred a gift which can be used to give as one of the greatest services in your world. It is a tremendous responsibility and imposes or should do a sacred trust on its owner.*

*Mediumship is indeed a favoured gift because as Silver Birch tells us a medium can give one of the greatest services to our world. Many of us know this and accept it on what might be called a superficial level, but do we really stop to think with a rightful sense of awe just what a great service people with a strong gift in this direction really do provide?*

*In this current time of unrest in the most tragically affected worldwide are mourning the physical loss of a loved one. Some of us are ill with this virus and are LIVING in a state of fear, some of us are trapped in abusive relationships or financial hardship and even the most fortunate amongst us are feeling a dreadful sense of perhaps loneliness, boredom, frustration and regret for the spring season going on outside our homes without us.*

*We value so much more those who can give us love, service and hope. Our wonderful brave NHS, our strong calm key workers in social care, shops and every line of service. In particular all our emergency services, they are a treasured godsend to us while we miss the company of family and friends so desperately.*

*But what about the non emergency service the ones we run to in need when normal life resumes, the only ones who can reunite us once more with the family and friends we have lost to Spirit.*

*Our lock down and social distancing will eventually end and we will please God, be reunited with family and friends still on earth and the only ones with the power to let us know what our Spirit loved ones want to say to us, are our mediums.*

*Our NHS are indeed our physical heroes our mediums likewise are our spiritual heroes, the unsung heroes, God's messengers. Let us never take them for granted as Silver Birch said:*

*They are used to give one of the greatest services in our world.*

*On behalf of our manager Karl and the trustees, our mediums, healers and of course myself Gina. I would like to say a special thank you to all of you and hope that very soon we will all have the pleasure of meeting again.*

*And on that note, I will hand you over to our very capable chair person for today Penny O'Meera.*
