Remembering, Sir Oliver Lodge *researched by Jackie Poole*

Sir Oliver Joseph Lodge 12th of June 1851–22nd of August 1940. He was born in a rural village what is now called, Stoke - On - Trent and was educated at, Adams' Grammar School in Shropshire. At age 18 he attended physics lectures in London, thanks to the success of his father's pottery and clay business, he could afford to travel and study. Sir Oliver Lodge later obtained a 'Bachelor of Science' degree from the University of London in 1875 and gained the title of, 'Dr of Science' in 1877. He experimented with producing a new electromagnetic light paving the way for later experimental success. He was a scientific entrepreneur/genius and had patented many inventions. His experimental research helped Albert Einstein with his theory of relativity.

As a result of his successes and inventions within the scientific field of research he was knighted in 1902's 'Coronation Honours' receiving the accolade from King Edward VII at Buckingham Palace.

In addition to his contributions to science, Sir Oliver Lodge is remembered as a 'Spiritualist' who had also studied psychical phenomena. He had attended several seances; many with the medium, Gladys Osborne Leonard, who was a British trance medium from 'The Society of Psychical Research'.

When Sir Oliver Lodge made his beliefs and experiences known regarding attending seances and believing in the 'Spirit World' by announcing that he had received messages from his deceased son Raymond who had been a soldier, and other friends Gurney and Myers in the Spirit World that:

"The people who had died were still the same people that they had been on earth before they passed over and that there were houses, trees and flowers in the Spirit World, which was similar to the earthly realm, although there was no disease."

He was criticised for publishing spiritual literature, such as the fact that this was being written by:
"Such a great scientist!!"

Scientific work on electromagnetic radiation had convinced Sir Oliver Lodge that an ether existed and that it filled the entire universe. He believed that the 'Spirit World' existed in the ether and he wrote more than 40 books about the afterlife, ether, relativity and electromagnetic theory. A major development in psychical research for Sir Oliver Lodge was when his spiritual research involved several different mediums on different continents. They began to make statements attributed to the same communicators that made sense only when brought together. These communications became known as 'cross correspondences' and could be understood as the product of a single guided intelligence. His colleagues and friends Gurney who died in 1888 and Myers who died in 1901 were communicating with him and he saw the potential value of such communications at once, and he became a major figure in the explication. His belief in survival after death turned to 'faith' and he became a dedicated follower of 'Spiritualism.'

Within Sir Oliver Lodge's book called '*Raymond, or life and death*', 1917, there are transcripts of seances with trance mediums, word for word, but also what is interesting is that Sir Oliver Lodge recognised that some people, some sensitives, have intuitive perception of an unfamiliar kind such as poets that he refers to from time to time. Also, within the book he concludes somewhat poetically:

"Who can doubt the supremacy of the spiritual over the material? It is a fact which illustrated by trivial instances, may be pressed to the most pretentious consequences. A colony of bees, not used to the ministrations or interference of man, might puzzle itself over the provision made for its habitation and activities, if it had intelligence enough to ponder the matter. So human beings, if they are open-minded and developed enough to contemplate all the happenings in which they are concerned, have been led to recognise guidance and they have responded to the perception by the worshipful attitude of religion. In other words, they have essentially recognised the existence of a power transcending ordinary nature – a power that may be recalled supernatural."

SEVEN PRINCIPLES OF THE SAGB

We believe in an Infinite Intelligence,
Who governs all.

We believe that personal identity and all sentient forms
of life survive physical death.

We believe that continuous existence and eternal progress
occur for all in the Hereafter.

We believe in communion with spiritual realms.

We believe that all humanity is spiritually linked.

We believe that in the Hereafter, all must account for
their actions on earth and will judge themselves accordingly.

We believe that all are responsible for
the way they conduct their earthly lives.

OUR PHILOSOPHY AND PURPOSE

The primary purpose of the Association is to offer evidence, through
mediumship, of the continuation of the personality after physical
death and to relieve suffering through spiritual healing.

The Healing Hymn Gracious Spirit

Gracious Spirit, of thy goodness
Hear our anxious prayer
Take our loved ones who are suffering
'Neath thy tender care
Loving Father hear us, hear us

Gracious Spirit may thy presence
Shed a Healing Ray
Turning all their nights of darkness
Into glorious day
Loving Father hear us, hear us

Gracious Spirit, should'st thou claim them
Be their Light and Guide
Lead them to the heavenly kingdom
Safely by thy side
Loving father hear us, hear us

Getting to the SAGB

Getting to the SAGB has become a lot easier for those of us north of the river. At present I have to catch the Northern Line, change to the Victoria Line to Victoria Station and then catch a train to Battersea Park Station.

As of the end of September 2021 the Northern Line is running with four trains an hour on week-ends. This will mean, for me at least, that I can travel on the Northern Line from my home to Battersea Park on the same train. Thereafter it will be a short seven minute walk to the SAGB.

Now the extension Has opened there will be an initial peak of six trains per hour, increasing to 12 trains per hour During off-peak times there will be five trains per hour, doubling to 10

Helping to get to the SAGB (after all that is what counts, isn't it) it will help regenerate the Vauxhall, Nine Elms and Battersea areas by supporting new jobs, businesses and homes.
