

# Sunday Service 21<sup>st</sup> June 2020

Written and recorded by Gina Langsfield  
during the closure, for the  
Spiritualist Association of Great Britain

*Good afternoon to all our Sunday listeners. This is Gina Langsfield speaking on behalf of the SAGB, and for those joining us on Zoom a warm welcome to Penny O'Meara our medium for this afternoon and a thank you to our chairperson Gamze Seber.*

*We at the SAGB would like to offer our heartfelt condolences to family, friends and colleagues, at the passing of the lovely Vera Lynn. Who performed such great service to Spirit by uplifting so many sorrowing hearts. Our sad loss is Spirit's gain. I am sure her outstanding voice will soon be entertaining our loved ones on the other side of life. God bless you, Vera.*

*And on a happier note, a very happy Father's Day to dads and grandads everywhere.*

*Would you please join me in prayer.*

*Dear God, loving Spirit*

*Please send your love and blessings to all the world to make the best of Father's Day in this difficult year. Help us to realise that the ways of celebrating may be different this year. A loving bond will never change, whether we are sending our love to fathers on earth or in Spirit.*

*Please help us all worldwide, and let today be a celebration of the Spirit's truths that life and love never die.*

*Amen*

## *With Us in Spirit*

*Every year on Father's Day, there are families happily celebrating with their fathers, joining in the joys of cards and gifts, outings and celebratory meals. While all this goes on, there are always sadly, many of us who are grieving for dads and grandads. No longer in the physical world, to celebrate in the old familiar way with them.*

*As spiritualists where we grieve no less we do have the advantage in that situation, of knowing that our loved ones are still alive in Spirit, and that they are still with us. Even although we may not see them, hear them or feel their hug, but they still want us to celebrate, because they are here and our bond love remains unchanged.*

*This year there will be many daughters and sons, whose father is still physically alive on earth, but because they are living apart, and Covid-19 has prevented them from coming together, they too albeit in a lesser and more short term way, will be grieving for the Father's Day that should have been.*

*But yet again don't the above words still apply. Have we ever questioned the old saying we so often use 'I'll be with you in Spirit when we are unable to be somewhere special to us' There is much more to the origin of that saying, than we normally give thought to.*

*So remember today father's will be with us literally in Spirit if they have passed to the Spirit world, but figuratively those separated from us on still earth due to restrictions will be with us also.*

*This message is the same as already given to the same that those who have already passed over, so this year it applies equally to those missing their fathers still alive and well on earth. We may not see them, hear them, except for perhaps briefly over the phone, or feel their hug but they will want us to celebrate because the bond of love remains unchanged.*

*We pray that all our future Father's Days, and all our precious tomorrows, with family and friends, as Vera's song says, will be a lovely day. Today instead will be a celebration of a day of loveliness, the world illuminated by love.*

*On behalf of our manager Karl and the trustees, our staff, mediums, healers and myself Gina, have a spiritualist Father's Day and God bless you all.*

*And for our Zoom listeners back now to Gamze Seber*
